CORRESPONDENCE

EPWORTH.

Rev. Levy filled his regular appointment here last Sunday.

Mr. and Mrs. A. T. Warder and family, spent the day in Maysville with relatives—also shopping.

The many friends of Mr. Charles Harrison regret to hear of his serious illness at his home near Orangeburg.

Mrs. C. C. Degman is here visiting friends and superintending repairs on her cottage at the camp ground.

Mrs. Belle Walker is recovering from a slight stroke of paralysis.

Mr. W. H. Means is the guest of Mrs. M. H. Walker.

HOW TO PREVENT FOOT AND MOUTH DISEASE.

Segregate cattle from infected herds. Keep cattle, sheep, hogs and horses from ranging on land or highways traversed by infected cattle.

Spray cresote and bichloride of lime on infected areas.

Spray cresote and bichloride of lime on infected areas.

Do not allow persons from farms where disease exists to visit your farm.

The germs may be carried twenty miles on the sole of the shoe.

Kill all rats in infected areas.

Quarantine all cattle which have come in contact with infected cattle and bind hoofs with bandages soaked in bichloride of lime. The disease will run through a whole herd.—The Chicago Tribune.

M'DERMOTT ENTERS

Democratic Race For Kentucky Governorial Nomination.

Louisville, Ky.—That Lieutenant Governor McDermott will enter the gubernatorial race in this State next year was shown in a formal statement issued by him. He said:

"In 1915 the head of the Democratic ticket will meet a reunited Republican party, and our leader must have the desire and the ability to defeat the record of the State Administration and the National Administration from any unjust attack."

"I believe it will be admitted that I can and will do that task fairly well now, as I did in 1911. I believe the people will elect me."

CANNON MAY BE ASSIGNED

To Appropriations Committee Of Which He Was Chairman.

Washington.—Former Speaker Cannon, who will return to Congress next March, may be assigned to the Appropriations Committee, of which he was chairman for many years.

Officials at the Capitol discussing the personnel of the next Congress, said it was possible the veteran legislator would be made the ranking minority member of the committee.

Chairman Fitzgerald and most of the other members of the committee have been re-elected.

BELMONT TO BRING STABLE TO KENTUCKY.

August Belmont, the New York millionaire, has announced that he will close his thoroughbred horse breeding establishment in France, near Paris, and transfer all his noted stallions, brood mares and this year's foals to his farm at Lexington, Belmont's manager said the action is to be taken because the war has made the future of racing uncertain in France. The plant which will be transported includes some of the most famous sires in the world and is estimated to be worth half a million.

WOMAN NERVOUS, WEAK AND DIZZY

Could Not Do Housework for Family of Three. Vinol in a Short Time Made Her a Strong Well Woman.

Port Edward, N. Y.—"I was in a run-down condition, nervous, weak and dizzy, so that in doing the housework for my little family of three, I would be all exhausted. I tried cod liver oil emulsions and three or four other medicines without benefit. Finally a friend told me about Vinol and I tried it. I soon felt better and now it has built up my strength. I have no more nervous or dizzy spells, and can do all my housework without getting all tired out."

Mrs. ELMER GLIDDEN, Port Edward, N. Y.

Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headaches, backache, nervousness and kindred ills. Vinol is a most efficient strength creator for such women.

It is the medicinal elements of the cod's liver, aided by the blood making and strengthening properties of tonic iron which makes it so far superior to all other tonics.

If you are in this condition try Vinol on your guarantee to return your money if it fails.

LAUDER'S SON GOING TO WAR

Famous Scotchman Tells Rotary Club How The Strife Affects Him.

(Wednesday's Louisville Post.)

Harry Lauder, the noted Scotch entertainer, who appeared at the Masonic Theater, yesterday afternoon and last night, was the guest of the Rotary Club at a luncheon at the Henry Watterson Hotel yesterday.

Frank Buereke, a native-born German, but now a naturalized citizen of the United States, said it gave him real pleasure as a citizen of this country to introduce a subject of the British Crown, despite the fact that probably close kin on both sides were even at the present time engaged in warfare in Europe. He also told of having conceived the idea of having Mr. Lauder present before the Rotary Club in person in order to offset the plans of Allen R. Carter to have a gramophone concert with Harry Lauder records on the program.

These two incidents furnished Mr. Lauder with his most entertaining features. One led to a bit of choice humor and the other to a bit of pathos, which stirred the audience to cheering. With respect to the gramophone incident, he related the story of a man who had gone home "soused." When he arrived at the front door step he sat down. Directly another man came along and told him to get up. The one with the "souse" asked why he should get up and the other told him he was sitting on a cat. The one with the "souse" said: "Oh, excuse me! I thought some body was playing a gramophone."

Son in the Ranks.

The reference to the war elicited the story of the past summer when Mr. Lauder and his son were in Australia. His son, who is a territorial reserve and a student at Cambridge University, received a cablegram: "Mobilize. Return."

He said his son is now in England and on January 1 will go to the front, but he said that although it is his only son, he is proud that he can give a soldier to his country.

He sang two songs, one was entitled "Annie," which he wrote and dedicated to his wife, as he explained, as a present for her birthday. The other was a song entitled, "Good-bye."

SETTLEMENT CLUB TEA

AT City Mission Decided Success And Awakens Great Interest in Work Ahead.

The tea given Wednesday afternoon by the Settlement Club was a decided success, and the members are much pleased with the ready response and encouragement the people of Maysville extended to them. The affair netted them a little over twenty dollars, more than one third of the amount needed to pay off their loan. The club consists of twenty-five energetic young ladies, who are all interested in bettering the conditions of the working classes. They were present in full force yesterday and made delightful hostesses. The tea table with its pretty decorations in pink and white, was in the new club-room. It was at first thought that this room might accommodate all the guests, but the attendance was so good that the large service room was also well filled. Everyone seemed to enjoy the delicious tea and sandwiches, the good music, and the congenial crowd.

Miss Marie Raines, Miss Hilda Threlkeld, Mrs. Dr. Taylor and Miss Jennie Douglas Dobyns poured the tea. Miss Elizabeth Barbour, the president, assisted by the other members, received the guests and looked after their comfort in the matter of sandwiches and cake; Miss Ria Walsh, at the piano and Miss Helen Young, violinist, furnished the music.

WHAT THE FARMER DID

A city man recently visited his "country cousin." The man from the city, wishing to explain the joys of metropolitan life, said: "We have certainly been having some fun the last few days. Thursday we autoed to the country club, and golfed until dark, then trolled back to town and danced until morning. The country cousin was not to be stumped in the least, so began telling of some of the pleasures of the simple life: 'We have had pretty good times here, too. One day we bugged out to Uncle Ned's and went out to the back lot, where we hatched all that s-c-r-o-o-n. In the evening we sneaked up into the attic and poked until morning. A sturdy old farmer who was listening, not to be outdone, took up the conversation at this point and said: 'I was having some fun about this time myself. I nuded to the cornfield and g-h-a-w-ed until sundown. Then I suppered until dark, and piped until 9 o'clock, after which I bedstedded until the clockaved, after which I breakfasted until it was time to go mulling again.'"

The wise man is one who has been a fool—Life.

You Make Friends By Recommending a Reliable Kidney Medicine

Your representative called at my door yesterday meaning to leave a sample of your noted Swamp-Root and I am certainly pleased to see anybody connected with the firm who makes a medicine which has done so much for me and my family. A few years ago I was suffering from a terrible pain in my back and when I was up around the house I had to walk with my body bent nearly double. If you had placed a thousand dollars above my head I could not straighten up to get it.

Hearing of Dr. Kilmer's Swamp-Root I sent you for a sample bottle and from the effects of that small amount I was sure it would help me so I bought one bottle and it has cured me.

Shortly after that my husband who was a coal miner, was suffering from kidney trouble and could not work and I sent for some of Dr. Kilmer's Swamp-Root. He was in a terrible condition, but as the doctors had not given me any relief, I had more faith in Swamp-Root and it was well founded, for it did the work and after taking a few bottles he was completely cured.

I daily recommend the use of Swamp-Root to my friends and neighbors.

Sincerely yours, MRS. JOHN NORDQUIST, Galton, Penna.

Sworn and subscribed to before me this 14th day of May, 1912.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidney and bladder. When writing, be sure and mention The Public Ledger. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

THE STOCK LAW.

County highways will be free from roaming stock if the new law now in effect is observed. Stock is not permitted to wander on the county roads. Any stock caught so roaming or in any other farmers' field can be taken up by the person finding them and held for the payment by the owner of stipulated fees the same as found fees are collected here in town.

But perhaps the most important good effect of the law will be the saving of farmers in fencing. Now all fields, except those in which cattle are to be confined, can be left unfenced and it is expected that in the next few years thousands of dollars will be saved in this way to the farmers of the county. And even in building fences for keeping stock in bounds only a few strands of wire will be necessary as compared with the close and expensive fences that are now built. Fencing against hogs is that matter that gives farmers most trouble, and with every hog owner being forced to keep his hogs securely fenced on his own place, his neighbors will not have to protect themselves against the porkers.

In a word, every farmer now will build fences to enclose his own stock and not to shut out that of his neighbors.

STOCK DISEASE EXPENSIVE.

Ten thousand dollars worth of stock belonging to one man, Haven Hubbard, living north of Newcastle, Ind., was slaughtered and buried in the fight being made in Northern Indiana against the hoof and mouth disease. The disease has contaminated fodder, hay and other feed, as well as refuse about harris and sheds. Manure is being buried. Dr. Barnard, Indiana State Chemist, and six assistants, with a number of other State and Federal officers, are working on the disease, which now seems to be restricted by a rigorous quarantine to the few counties affected.
